

# STEELCRAFT®

## West Coast Service Center Stock Program and Inventory

The Steelcraft West Coast Service Center is committed to fulfilling your stock needs. In this new facility, located in Chino, CA, our finished goods inventory size has doubled. Additionally, we have increased our listing of door and frames modification. From light cutouts to function hole preps on doors to reinforcing and welding of stock frames, we can meet your needs. With our frame manufacturing capabilities, we also have the ability to customize frames to your request in an express lead time.

### West Coast Stock Offering:

- Please see Steelcraft West Coast Service Center Stock Sheets for a complete list of stock held and modifications performed
- The full inventory listing of our Blue Ash facility is also available under our RAPID program
- All stock hinge jambs and doors, as indicated, have a Warnock Hersey (WH) mylar label attached.
- Standard loose jamb and base anchors are included with all Stock Frame orders. Sticks, when ordered from Blue Ash, do not include anchors.
- Items marked with (\*) indicate KWIK-PAK availability and reduced pricing

### West Coast Stock Program:

- Stock doors and frames are available in 1-day (Express Stock) and 5-day stock lead times. See price manual for additional details
- Orders for modified stock are limited to 20 door and/or frames per order
- Stock and modified stock are available at buying program and quoted discounts. Note – quoted discounts do not apply to the already reduced KWIK-PAK pricing
- Door stock and modified stock quantities are subject to availability of that SKU. Please see accompanying pages for current inventory holding levels
- Welded 3-sided frames are included in the modified stock program
- Ordering through the RAPID program will enable ordering for any of the Blue Ash stock items
- Orders to be placed using OEW or Steelcraft stock order forms
