

STEELCRAFT®

Quality service
and capabilities,
centralized

Kansas City regional service center

Our newest Regional Service Center has come to Kansas City. Featuring a dedicated local team, this location is designed to meet the needs of your projects with stocked doors and frames for a wide array of modifications. Applying technical expertise and Allegion wide support, we are ready to estimate, supply and troubleshoot your project at every step ensuring your hollow metal needs are not only met, but exceeded.

Consult the service center or sales contacts listed on the reverse side of this page for further details and a tour.
